PROFILE

Highly skilled and motivated ReactJS Developer with expertise in complex UI development, data fetching using React hooks, and proficient in Tailwind CSS and Material-UI. Strong understanding of Redux, AWS S3, MongoDB, and API integration for efficient application development.

WORK EXPERIENCE

Front End Developer

Ediquo Technologies Private Limited

June 2022 - June 2023

- Developed highly responsive user interfaces using React.js, Tailwind CSS, and Material UI, resulting in enhanced user engagement and improved satisfaction.
- Implemented Redux for efficient state management, optimizing application performance and facilitating seamless data flow, contributing to faster page load times and smoother user interactions.
- Utilized MongoDB for effective data storage and retrieval, ensuring streamlined data management and improved system efficiency.
- Successfully deployed applications on AWS, leveraging its scalability and reliability to ensure uninterrupted user experience and increased availability.
- Developed Dashboard with React Library
- Collaborated closely with clients to gather requirements, translating their needs into functional UI components, leading to higher client satisfaction and retention rates.

Developer Trainee

April 2022 - May 2022

Teknopoint Multimedia Private Limited

- Successfully completed a comprehensive training program in HTML, CSS, and JavaScript, acquiring solid foundational skills in front-end development.
- Applied newly acquired knowledge to support development projects

INTERNSHIP

March 2019 - June 2019

Operations Department

Thomas Cook Private Limited
