OBJECTIVE

Innovative Front-End Developer. I had built and maintained responsive websites in the recruiting industry. Proficient in HTML, CSS, Bootstrap, JavaScript, React.Js & Redux and plus modern libraries and frameworks.

EDUCATION

Bachelor of Engineering (Extc), Mumbai University.

- Saraswati College of Engineering – (Navi-Mumbai).

SKILLS

Technical Skills: Html, Css, JavaScript, React.Js, Redux, React-Bootstrap, Java.

Tools: V.S Code Editor, Eclipse IDE.

Soft Skills: Adaptability, Curiosity, Communication, Team Work, Problem Solving.

EXPERIENCE

Role Name: Intern – Frond-End Developer.
Refactor Academy,
Bengaluru, Karnataka.

June 22 - Dec22

- Front-End development along with problem solving training.
- Evaluated the structure and design of web pages.
- Used best practice in HTML , CSS , JavaScript, React.Js & Redux to develop a dynamic site.
- Debugged codes to make sure they are working fine.
- Learned front-end object-oriented programing to develop the responsive web sites.
- Polishing my skills & getting hands on experience on Real Time project.

PROJECTS

IMDB CLONE (REACT.JS) : Developed using HTML, CSS , JavaScript , ReactJs & Bootstrap. Used Font awesome icons. Used React Routers. Project includes List of Upcoming, Top-Rated & Popular Movies. When we click on the movie it will take us to details page of the movie.
