## WORK EXPERIENCE

Tecxlabs Pvt. Ltd.

[www.nuuu.com](http://www.nuuu.com)

📅 February 2022 – April 2023

📍 Mumbai, IND

- NUUU is a modern fin-tech app and a smart finance toolkit that helps investor/traders to make smart decisions. Whether one is looking to invest in stocks & MFs or buy insurance.
- Developed a web application utilizing React Typescript and javascript which gives access to mutual fund & trading investment activities.
- creating dynamic pages from provided HTML templates, adding functionality to enhance the user experience, implementing routing, and integrating third-party APIs
- Documented technical workflows and knowledge to educate newly hired employees.

## ACADEMIC PROJECTS

### E-TOUR

- **Technologies** : Java, Spring-Boot, ReactJS, Dot Net, MYSQL
- Description: Etour is a platform of management of tourism services and reservations. Agencies and tour operators can manage and sell tourism services efficiently via etour system.

## PERSONAL PROJECTS

### Ecommerce Website

- **Technologies** : React Js, Redux, Tailwind CSS, Redux, Firebase, Stripe
- An e-commerce platform that allows an easy, useful and best way for customers to browse and purchase products from other vendors in one place.
- This website is developed in ReactJs. Redux is used to manage the state and Tailwind CSS is used for styling. Firebase is used to store the client data and Stripe is used for payment.

### Weather Application

- **Technologies**: React Js, Redux
- Developed a weather application that displays the temperature, humidity, pressure, and wind speed for a current and given city using React JS, Redux, Hooks, and the real world api from openweathermap.org..

### Personal Portfolio Website
