COURSEWORK

Data Structuures
Algorithms
OOPS
Database Management System (DBMS)
Deep Learning

SKILLS

PROGRAMMING
Languages
• Java
• Javascript
Databases
• MongoDB
• Node.js
Front-End Framework
• React.js

CODING RATINGS

• Leetcode : 3 Stars (500+ Problems)
• GeeksForGeeks : Score(950)
• Codechef : 1520 (2 Stars)

EXTRA CURRICULUM

• Kabaddi
• 100m Running
• Long Jump

EXPERIENCE

SUVEN TECHNOLOGIES | Software Engineering Intern
March 2022 - October 2022 | Mumbai, India
- Designed and implemented a dashboard using React and Type-Script to visualize data.
- Contributed Optimised codes for **Cross Browsing Platform**.
- Maintained **client side Framework** with the help of libraries.
- Worked with **JavaScript** for **large scaling problems** and **ES6** compatibility.
- Worked on **React.js** library for front-end part. .

PEP-CODING | Internship - (Teaching Assistant)
May 2021 – May 2022 | Delhi, India
- The main focus of work was to resolve the doubts of new beginner students.
- I was also able to help students to choose right directional road-map for various fields.

TOOLS

• React.js • Node.js • MongoDB • Express.js • Firebase • Tailwind CSS • SQL
• Next.js • Redux • Puppeteer • Jquery

PROJECTS

CHATIFY.IO (Link)
- **Real time** chatting platform for two users.
- Created using **React.js, JavaScript.**
- Firebase is used to store real-time chats.
- React hooks, effects are used majorly to update state and events of React.js

FLASHTYPE (Link)
- A platform to check your **typing speed!**. Made using React.js where you can test your typing speed in about **1 minutes**.
- You will also get notified when you type wrong words.
- The technologies used are **react life cycle method** , **react timer**, **react state** , **react props**, etc. It is best place to improve your typing speed with accuracy.

VIDEOFY.IO (Link)
- Created React Application for video rendering - just like YouTube.
- React Map Method is used to render all videos using single template.
- React State, Props, Children props, React Hooks was implemented to reduce complexity and weight of application.

ACHIEVEMENTS

- Secured rank of **436/14850** in Coding contest which was held by Newtons Coding School**(Link)**
- Global rank 553 in Codechef Long Challenge.
